Dear Dr. Finn:

Please be assured that our garbage can will be removed from the street as soon as possible after pickup of garbage. I'm very glad you brought this to my attention.

May I suggest that your Health and Sanitation Committee do something constructive about getting the owners of dogs to curb some where they exercise them. I believe Newark has a regulation concerning this, and concerning the licensing of pets.

You have my cooperation in regards to keeping our city a nice place in which to live.

Sincerely,
Mrs. J. K. Smith
